Sir:

INFORMATION DISCLOSURE STATEMENT

As suggested by 37 C.F.R. 1.97, the undersigned attorney brings to the attention of the Patent and Trademark Office the references listed on the attached form PTO-1449. Copies are attached. This is not to be construed as a representation that a search has been made or that no better prior art exists, or that a reference is relevant merely because cited.

In the PTO 1449 which accompanied the IDS filed September 12, 1995, the references to "80/03837" and "80/03838" should have read "89/03837" and "89/03838". Attached is a corrected PTO 1449 showing those corrections. Copies of those two references are also attached. It is requested that the attached corrected PTO 1449 be substituted for the PTO 1449 attached to the IDS dated September 12, 1995.

The Examiner is requested to initial the attached PTO-1449 forms and to return a copy of the initialed documents to the undersigned as an indication that the listed references have been considered and made of record.

The undersigned attorney of record hereby certifies under 37 C.F.R. §1.97(e) that each item of information referenced in the new attached PTO 1449 was first cited in a communication from a foreign patent office in a counterpart foreign application (Australia) not more than three months prior to the filing of this Information Disclosure Statement.
